10th ANNUAL WHISKEYTOWN RELAYS

The knot in the stomach that each race director feels as they cautiously peer through their bedroom window early race day morning increases or lessens with a quick glance....rain???...or..... shine!!!!

The knots that race director Milt Schultz and co-director Mel Sullens felt must have been somewhat relieved when they looked out early Sunday morning- it was gorgeous!

Warm temperatures and a friendly crowd filled the parking lot at Brandy Creek Marina as 108 runners, for the first leg of the race, took their mark. The 10th Annual Whiskeytown Relays kicked off at exactly 9:00 a.m.-within minutes the parking lot emptied as runners, buses, spectators, and cars raced to specific locations around the lake.

Although the course record set in 1984 by Frank, Fricker, Oldfield, and Valcalcar (aka THE STAY PUFFED MARSHMALLOW MEN) stood as the morning ended several records bit the dust. The Wildcat Track team streaked in first in 1:46:25. The Fleet Feet Womens Racing Team was the first women's team to cross the finish line with a time of 2:09:47.

The Horses "A" team, Orient Express and the Fabulous Fifties each shattered existing records by several minutes. Malain, Daniell, Bunnell, and Hepburn running in the 50 and over division are "Improving with Age"-by upsetting their record of last year with a time of 2:09:30. Mostly Masters, RPD "A" Team, Wildcat Track Team and Teachers Trotters also managed to squeak by existing records.

Thanks to great organization and pre-planning by Milt and Mel the award ceremony went off on time and without a hitch. The excitement of the teams could be felt as they gathered to hear team names called out and the announcements of new records-goals to shoot for in 1986.
