### Championship Point Series

A points championship will be awarded for long courses only in two age groups: 0-39 and 40+. You can drop one event. You must participate in 51% of the races to eligible for awards.

The NorCal race will be pointed off the 3M distance and the 10M will be converted to a like 3M time. All other races at NorCal will not be eligible for points.

Championship awards will go three deep in each category and will be gift certificates from a local sporting goods store. The amount of the certificate will depend on participation, usually (\$50, \$25, \$15).
